# HÀBITS

Un àlbum il·lustrat amb una història encadenada que ens parla amb tendresa del ritual d'anar a dormir. Alterna les cures a cada família amb la mare i el pare. Només van vestits dos personatges adults. Personatge femení poc estereotipat (mare samarreta blava). El pare samarreta marró. Personatges infants sense cap roba ni complement. Infantil. Editorial Combel, 2018.

# REPENSANT LES FESTES TRADICIONALS

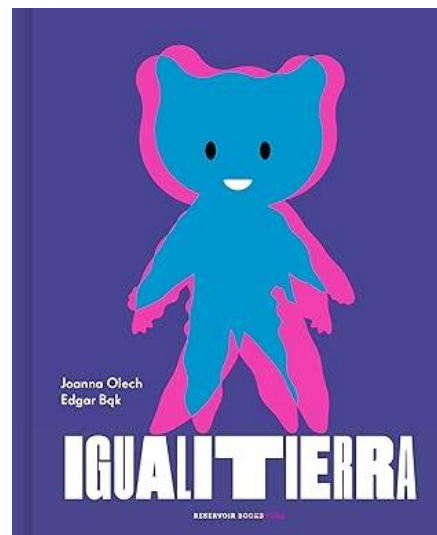

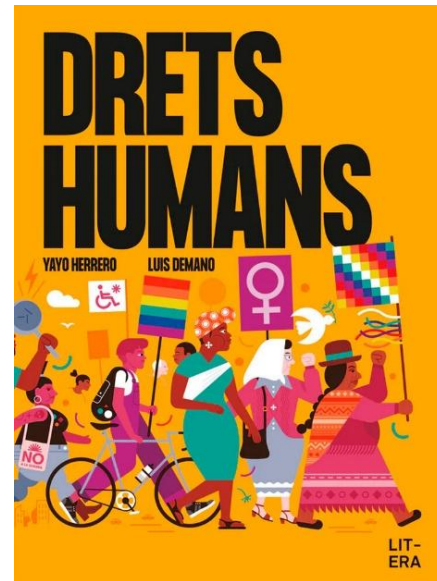

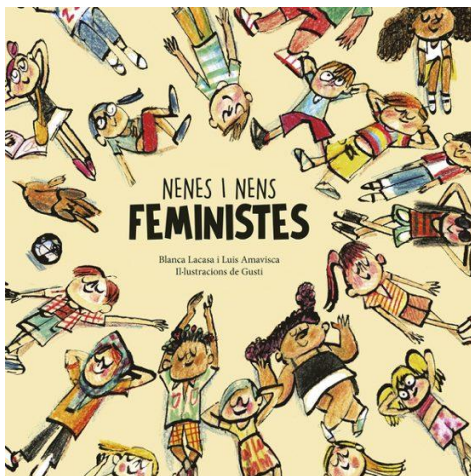

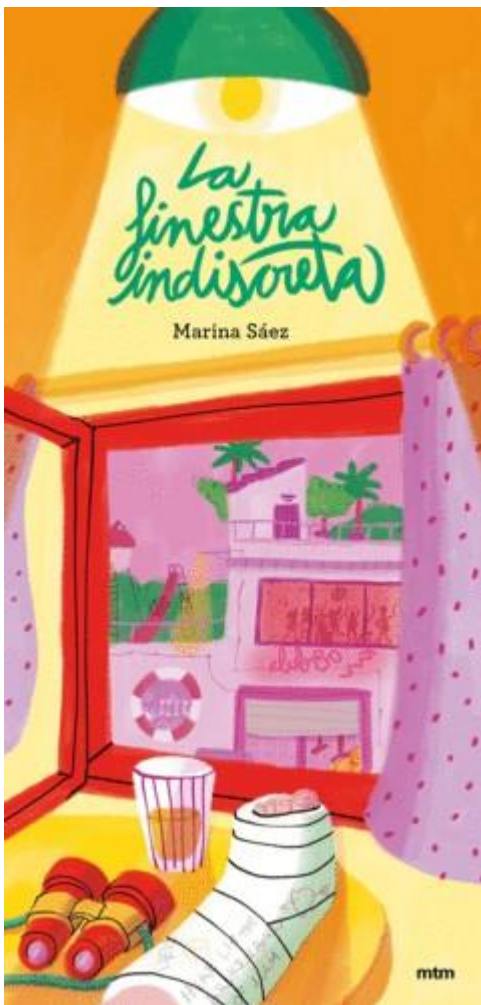

Per Tots Sants? Donar significat diferent a Halloween? No des de la por... Entendre la mort com una part imprescindible del cicle de la vida, no dissociat. Morir és una de les lleis sagrades de la naturalesa. La mort com a cicle, no el fi.
